

Countess Wear Village Hall

The Industrial Heritage of Countess Wear

Illustrated Talk and Exhibition

Countess Wear has a rich industrial heritage over past centuries which may not be known to many of our residents. This exhibition, in collaboration with Topsham Museum, aims to reveal this industrial activity - from early pottery production, the Roman supply depot, medieval corn mills, lime and paper making in the 18th and 19th centuries and transport through to the last century.

Illustrated Talk by Andrew Passmore
